GLASTONBURY FESTIVAL

THE GREEN ISSUE

Very real problems continue to face the Festival. We have just been prosecuted for the pollution last year. If it happens again it will be much harder to continue to run the Festival.

YOU CAN MAKE A DIFFERENCE

Michael Eavis explains:

"My family has been living and working on this farm for 120 years, and by now I expect you are all as fond of this place as I am. There are 3 essential things I would like to stress about environmental implications of so many people coming here all at once!

① Peeing in the hedgerows and streams causes serious pollution to the river and kills the fishes.

② Leaving litter around is very untidy and eventually has to be picked up by someone. So please use the bags and bins we provide and remember recycling is very important for us all.

③ Please always use the loos when you need to go. There are actually 2400 of them and you might not believe it but we have a proper means of emptying and cleaning them!

Finally I would like to say that the farm looks splendid after 33 years - thank you for all you have done for Worthy Farm during that time."

GREEN PLEDGE DRAW

ENTER TO WIN

1st A Pair of Tickets for the next Festival

2nd Meet a Star from one of the main stages

3rd Back Stage Passes

4th Festival T-shirts

THINK ABOUT IT

If 150,000 people all peed in the streams or ditches just once during this event, it would drain into the river, the river would quickly pollute, the fish would die and so may the Festival

PLEASE KEEP WORTHY FARM CLEAN, GREEN & BEAUTIFUL

- Only use the toilets & urinals provided.
- Don't put any rubbish in the toilets.
- Put litter in its place **BAG IT, BIN IT, RECYCLE IT.**
- Don't burn rubbish. Its bad for all of us.
- Don't wash under running taps or leave taps running.
- Don't spray graffiti.

It's your future as well as ours.

1st GREEN PLEDGE DRAW

Sign this Green Pledge & hand the whole form into any of the five Festival Information Points before 5pm on Saturday

I/We undertake to...

- ☐ Only pee in the designated urinals or toilets
- ☐ Use the rubbish bins or the recycling points
